The Impact classes are a series of three classes that serve as a mini discipleship course, motivating new and mature believers alike. Upward: Week one's teaching is all about God's attributes, characteristics, and personality. Inward: Week two will cover the Christian's role and responsibility in the local church. Each person will learn to discover their God-given gifts and consider ministry involvement in their church. Outward: Week three will focus on evangelism training and participants will be challenged to consider how they can be more effective at bringing others to faith. Those completing this course will be given the opportunity to become a Decision Follow-up counselor at Harvest 07.
